With steep competition, a luxury hotel is only as good as its best amenities, and the [Dream Hotel in Hollywood](#) has set the bar high.

With 178 stunningly designed rooms and suites, an impressive rooftop bar and a host of great restaurants (TAO Asian Bistro, Beauty & Essex, and Luchini Pizzeria), the hotel is home to an even more impressive display that sets it apart from the rest. At the top of the hotel by the rooftop lounge area, called The Highlight Room, is a [pool](#) that can transform into an expansive stage. With the push of a button, the pool transitions from an outside oasis to an extension of the surrounding deck.
