

DREAM PHUKET - PHUKET

Perfect for partying

Surrounded on one side by the lush hills, and another by the Andaman Sea, Dream Phuket Hotel & Spa is a show-stopper located in one of the most sun-kissed spots in Phuket. When people come here to stay, they come here to play. It's got a true European beach club vibe, with beautiful people everywhere - jetsetters, celebrities, city-escapers and dance party aficionados

filling the A-list oasis all year round.

The hotel's motto is 'This is your dream, we just provide the room service' - and boy, do they deliver. Whether you're in the mood to relax poolside, hang out at the beach, or enjoy some private time in the comfort of ultra-modern accommodations, they really do have everything you desire.

Arrivals are sheer VIP - and 'Dream' welcomes set the tone for an unforgettable stay. Start with drinks at Vu, the rooftop bar, complete with its own infinity pool, where the view stretches out for miles over the tropical setting of the sea and swaying palm trees.

Trilogy is the resort's main restaurant - the ideal place to enjoy the most exciting dining in Phuket. With your choice of indoor or outdoor terrace dining, it features a show kitchen which resembles a live cooking theatre where chefs showcase their skills in three world-famous cuisines: Modern Thai, Tuscan or Contemporary European Cuisine. Breakfast is a gourmet wonderland of fresh croissants, congee, juices, pastries and much more.

If you're a bit like us and like to get hands on - speak to the staff about arranging a cooking class where you'll try your hand at serving up some classics like Pad Thai or Tom Yam soup. It's a great way to become accustomed to the local flavours, and maybe learn a few tips to take home with you.

Dream Beach Club is the hottest place to be and be seen. A beach club like no other, this multi-storey escape will unleash your wild side at electric night club events and seductive daytime pool parties. They have a sound system which delivers unrivalled beats for international house and dance music legends, from Ministry of Sound, Hed Kandi and Soul Heaven.

Once you're done with the beach club, it's a hop down to Patong - a beach resort town on the west coast, famous for its neon lit raucous nightlife down the Bangla Road. The journey takes around 40 minutes, but it's an experience everyone needs to do once, and if you're staying at Dream, you're expected to party hard.

You'll be glad to know each room has blackout blinds for the morning, although you shouldn't be sleeping your hang-over off in bed. Maybe go for one with a private pool so you can lounge around at your will. Or head down to the Sanctuary spa, where holistic and pampering therapies from deep tissue massages, aloe wraps, spice scrubs and Ayurvedic treats to mani-pedi services will put the pep in your step in no time.
