When it rains, it pours, but that didn't stop Miami from partying at [Dream South Beach](#). The Art Basel crowd at our Fuck Winter Night Brunch, hosted by [The Fat Jewish](#), wasted no time in taking the party inside where the [Perrier x White Girl Rosé](#) cocktails kept flowing and mini-bubbles kept flying. Since we were in Miami, we figured a photo booth just wasn't enough. So with a little help from [NYX Cosmetics](#), we set up a kissing booth, complete with [NYX's High Voltage Lipsticks](#). [S'well bottles](#) were scattered around the venue and in gift bags, along with [Baked By Melissa](#) cupcakes, and, of course, more NYX. Thanks to our girl [Mia Moretti](#), the night brunch ended with a collection of solid, dance floor-ready beats. Thanks to [BFA](#), relive the night in the pages ahead, and watch out for those kissing-booth photos! What happens in Miami, definitely doesn't stay in Miami.
